

Recently I posted information from William LePar's spiritual source, The Council, on pyramid construction. One of my friends posted a comment about the Coral Castle in Florida so I felt that it would be appropriate to present The Council's very interesting reply to that question. In the last paragraph The Council refers to time, creation and the spiritual grid. It would take many pages to cover that information. It truly is complicated for us, as physical beings, to grasp those concepts. Hopefully, we can discuss those in future postings.

829 ***: Several years ago there was a man in Florida that single-
830 handedly built these structures out of huge blocks and rocks and so
831 forth, and when asked how he did it, he said he had a process similar
832 to the way the pyramids were built. Is there any truth to this?

833

834 C: You see any evidence of anything else?

835

836 ***: No.

837 C: The secret is not such a great secret, and it is not so well
838 hidden. Does that answer your question?

839

840 ***: Yes. Does that mean that presently it would be possible to
841 duplicate the pyramids or has the density of matter increased such
842 that the methods that worked then perhaps would not work now?

843

844 C: Your relationship to the density of matter is in proportion to
845 your spirituality, so that any one of you could be instrumental in
846 rebuilding a pyramid, even today.

847

848 ***: Thank you. That is most interesting.

849

850 C: Such works are truly no feat of the soul. They are only feats
851 of the physical body and the physical mind. You see, you must
852 look for the true source of activities. What can your physical body
853 do in relationship to a stone that may weigh ten tons? Can your
854 physical body move that stone?

855

856 ***: No.

857

858 C: So then it must be something else. It must be something far more

859 powerful than your physical body and absolutely more powerful than
860 that stone. If that be the case, then what else is there but your
861 own real source of activity.

862

863 ***: I don't find it hard to understand that the soul is capable
864 of moving rocks that weigh tons and tons; it just seems that
865 these abilities are something that by and large we have lost and
866 forgotten and really don't have much of an idea of how to approach
867 it.

868

869 C: You have lost those abilities because you do not choose to
870 think in a godly manner, in a godly way. You choose to forget your
871 true potential. You choose to ignore the fact that you are
872 basically a god who is doing less than what he could do. You are
873 forgetting that you are an image of the Divine Source. Even when
874 you are given a personal example of what you can do in the form of
875 Christ, you still refuse to accept your places. Isn't it far
876 greater to rise above physical death than to move a mere stone?
877 For in rising above the physical death, you must utilize your
878 potential and overcome all of the natural laws of creation. You
879 must control absolutely and with absolute preciseness the laws of
880 physical nature to rise above the physical death. Does that answer
881 your question?

882

883 ***: Yes.

884

885 C: Moving mere stones, regardless of their sizes, is truly nothing
886 in comparison to what you are actually capable of doing and what
887 you are actually doing presently. If you could understand one
888 speck of what we have said about time and about the creation that

889 you are involved in and what we have said this evening about
890 utilizing this spiritual grid, if you could understand one word of
891 what we have said, the powers needed to utilize and create the
892 material manifestation from this spiritual grid would make moving a
893 stone absolutely nothing, not even worth considering. The
894 magnitude of the power necessary to create the material scenario
895 that your soul is going through is far greater than any small,
896 isolated element of that total picture. So you see, you are capable
897 of activities that you cannot even comprehend in the material, and yet
898 you worry about moving a small stone? Or doubting your ability to
899 do such. What did Jesus say? He gave each and every man in this
900 present age the key; if you wish to move a mountain, know that you
901 can do it and it will be moved. Are there any other questions?

902

903 ***: No one has any other questions at this time.

904
