# SUGGESTIONS ON READING THE TRANCE LIBRARY FILES

by

WILLIAM ALLEN LePAR

I appreciate your interest in the information we have been receiving from [The Council](#), the spiritual source which speaks through the Trances. In all the years that I have been manifesting the Deep Catatonic Trance, I have learned a great deal from The Council, and I earnestly wish that you also gain a greater understanding of our existence.

These Library Files present information from The Council over a vast range of topics. In some cases, the information presented comes from one or two Trances that were usually held consecutively, within a few weeks or months of each other. In other Library Files, the information is selected from Trances held over many years. In all cases, if you study these Library Files carefully, you will notice a common thread of awareness that runs through all the information that The Council presents.

You may also notice that by the manner in which The Council presents the information, it becomes evident that they are layering awarenesses and insights. The observant reader will realize this progression of awareness and the unfolding of these insights.

These Library Files will not reveal their deepest insights to you with a casual reading. You must study them and reflect upon them. I would advise you to read the Library File at least twice and reflect on the information that The Council gives.

Again, thank you for your interest. I sincerely hope that you benefit from the Council's wisdom.

Sincerely,

SOL

# AN INTRODUCTION TO THE COUNCIL

by

**William Allen LePar**

The Council has often referred to themselves as "spiritual beings." We must remember that this is a very elusive term and means something far greater than what we normally have been taught to understand as "spiritual beings."

In our finite minds we look upon spiritual beings as living beings confined in similar manners as we in the physical, and this is not the case with some levels beyond the physical. But in this expanded description from The Council, we begin to realize that there are levels that we can reach as spiritual beings that far surpass our present concepts.

Respectfully, I submit The Council's own personal description of themselves.

## THE COUNCIL SPEAKS OF THEMSELVES

After a soul or an entity has accomplished a certain level or degree of perfection, through whatever system that is the ruling belief system of that time, then the individual or the soul or the entity is elevated to a level wherein it is not necessary for reincarnation. Once entering the spiritual realms without the need to reincarnate, a growth period is undergone. Many steps of awareness or many levels of awareness are accomplished, many degrees of elevation, many degrees of perfection until finally the soul, the entity has evolved into a state where there are no levels, no degrees, but begins to expand in love and awareness to the point where there is a total mergence or merging with other beings; where all ideas of limitations, all awarenesses of false limitations, have been done away with; where the person or the soul or the entity begins to realize its true unlimitedness and in that begins to expand greater and greater and greater, interweaving more delicately and more closely with all others and all other things, and in so doing grows closer to the Divine Himself. Once a soul or entity has reached this level, then they are in union with others, total union, yet completely individual, and yet completely united. This soul, this entity has its own personality, yet delicately flows in and out and with other souls but yet maintains its own personality, its own being. The soul, the entity becomes more god-like in that it becomes part of all things, yet maintains its own personality, its own being. Once a soul has reached this level then there is no name, there is no body as you would recognize or understand, but a more complete and unlimited **Child of God**, one who is so developed that no name could ever describe him. That is the existence we live in, and if you wish to use confining and restricting terminologies as levels, then we souls have to say that is the level we exist in. In all of mankind's history this level has never before spoken in the **physical plane**.

Even though we refer to ourselves as "spiritual beings," we use such statements only to give all who come to us some idea to relate to or some concept that they can relate to.

## THE TRANCE PHENOMENON

We believe The Trances of William Allen LePar are the rarest paranormal experiences known to modern man. The only example of a similar phenomenon ended with the death of [Edgar Cayce](#) in 1945. The Council's unparalleled revelations, through Mr. LePar's trances, are made available to the public through the SOL Association for Research. His time and efforts are without compensation, and SOL is a non-profit, tax-exempt concern dependent on the commitment of volunteers.

The following is a brief explanation of a Trance, so those without the opportunity to participate have a better understanding of the phenomenon. On the day of a Trance, Mr. LePar remains in a peaceful environment. He consumes little food and The Council recommends his diet include red shellfish. He engages in considerable prayer and meditation throughout the day.

Those participating in a Trance, to question The Council, gather about a half hour before the session for socializing. Nancy LePar, his wife, is always the last to leave her husband before a Trance begins. She sits with him in a separate room as he quiets himself with prayer and meditation. When she enters the room in which the trance is to be conducted, all talking and noise cease. Soon he enters, silent and already in an altered state. With everyone seated and quiet, he enters, removes his slippers and positions himself on the floor.

He wears, as instructed by The Council, loose clothing of all natural fabric. Also, Mr. LePar wears no metal other than a wedding ring and cross. As he rests his head and bare feet on pillows, he maneuvers his body into alignment with magnetic north. Those participating, following instructions from The Council, are to place themselves in a quiet, prayerful state as until this remarkable source begins to speak. There are two distinct time periods in the linking of LePar's spiritual vibrations with those of The Council. The first period concludes with LePar's extremely deep and rapid breathing, a form of [hyperventilation](#). His hands, folded across the abdomen, quiver; his left leg stiffens and his left foot extends. Then, suddenly, silence. It seems almost as if he has stopped breathing. Finally, The Council begins to speak -- slowly at first, repeating the name of the Trance moderator, until the link with the physical world is ready. It usually takes about thirty minutes from the time Mr. LePar lies down until The Council speaks. But on some occasions, for a variety of reasons, it can be as long as 45 minutes.

Once The Council begins to communicate, a Trance usually lasts between ninety minutes and two hours. The Council is offered the opportunity to give the gathering an opening statement, which has always become a segment of information useful for universal spiritual growth. Then, the trances follow a simple question-and-answer format, beginning with written questions and continuing with follow-up questions raised by The Council's comments. At some sessions, there are so many follow-up questions that only the first question asked will be from the list of written questions.

Afterwards, when Mr. LePar awakens, he remembers nothing. His memory is blank from the time his wife leaves him before each session until he awakens at the conclusion of the Trance. He is always physically drained, cold and disoriented. He is helped to a seat, wrapped in an afghan for warmth, and given a slice of bread and a glass of orange juice to help him recover.

We hope you profit from the information in these Trance Library Files. If reading a particular file gives rise to a question, we encourage you to contact us for more information. Thank you.

## FOREWORD

The Council has told us on many occasions that truth has always been available to mankind from the very beginning. As you read this Trance Library File, you may note similarities to information from other sources. You will also encounter new information. You may be surprised by some of the information revealed by The Council, to the point where it strains your credulity. The Council realizes this, and so they often begin a Research Group Trance with an opening statement such as this:

Again, a reminder as we have said before, we ask that you think about what we have said, the answers to your questions. It is not necessary to accept everything we say, but we do ask that you take the time to think on what we have said and hold it for possible use or acceptance at a later time. What is most important is that you do think, that you exercise your God-given mind. Use what you can use and store away that which is not serviceable at this time, for if you wish to see a dawn tomorrow with its clear blue skies, you must make ready for it now. If you cannot believe that tomorrow will be a better day than today, then it will not be so for you. If you do not carry the light of tomorrow, then where will it come from? If your tomorrow is not planned for today, then how can it exist? Forearmed with the knowledge of the path you are presently traveling, you are then in a position to create a better path for your travels tomorrow. The outlook for the children of the Divine is definitely a bright and sunny day. Only you can make the decision as to what your tomorrow will be. We have one distinct advantage over each of you, and that is we have gone through the process of life that you are presently experiencing and in those activities we have learned that one must never narrow their vision down to what they prefer to see, but it is great wisdom when one is willing to look at the total picture, even those segments that one wishes were not there.

Always keep this concept in mind: Use what information you can, and that which you cannot agree with, put it aside for now. Do not discard it, for you may find it very useful in the future.

## EXPLANATION OF TRANCE LIBRARY FILE FORMAT

### Reincarnation<sup>(1)</sup>

page 31<sup>(2)</sup>

Selection # 16<sup>(3)</sup>

Reincarnation<sup>(4)</sup> was discussed on 80-06-28<sup>(5)</sup>, the 78th Trance<sup>(6)</sup>.

The word "reincarnation was first found on page 1235, in line 387<sup>(7)</sup>.

386<sup>(8)</sup>

387 \*\*\*:<sup>(9)</sup> Since we believe in reincarnation, and apparently have experienced death a number  
388 of times, why do the majority of us fear death, and why do we not have a conscious  
389 awareness of what it is like beyond the veil?

390

391 C:<sup>(10)</sup> If you have reincarnated then evidently you have not fulfilled or let us say you  
392 have not taken advantage of the opportunities available to you while in the material  
393 manifestation, thus you have relegated yourselves to the man-made heavenly realms. The  
394 fear comes from a degree of awareness of the conditions in the man-made heavenly realms.

### NOTES

(1) **Title** - This is the topic of the Trance Library File.

(2) **Page** - This is the page number of the Trance Library File. Each Trance Library File begins with page one.

(3) **Selection** - This number indicates the chronological order of this block of information in the whole of the Trance material.

(4) **Key Word** - This is the search word used for this selection.

(5) **Date** - This is the date on which the Trance occurred. It is given as a year-month-day (80-06-28).

(6) **Trance Number** - All of Mr. LePar's Trances have been numbered chronologically beginning with number one. This number indicates from which Trance this selection was drawn.

(7) **Master Volume Information** - All information from all Trances is transcribed in chronological order into the SOL Master Volume. This line indicates the page number and line number as found in the Master Volume.

(8) **Line Number** - The transcript of each Trance session is numbered from one. If a Trance Library File is made up of information from more than one Trance, then these numbers will change sequence.

(9) **Questioner** - The symbol \*\*\* indicates an individual at the Trance asking a question or responding to The Council's remarks. This is used to maintain confidentiality.

(10) **Council** - The symbol **C:** indicates that The Council is speaking.

16 \*\*\*: What was the government and civilization like in Atlantis?

17

18 C: In the beginning when the migrations first began to the

19 continent, the form of government or rule was not the same as it was

20 in the end. Basically, when the Sons of Light moved to the

21 continent, they set up a communal situation and the normal structure

22 for the situation was to have one that could channel, shall we say,

23 or was more attuned and then you would have twelve underneath the one

24 and underneath each of the twelve then would be the branches or the

25 extension. Now that was the situation in the communal life style.

26 As we said before, some of the Sons of Darkness migrated along with

27 the Sons of Light and they were usually on the very, shall we say,

28 outskirts of the situation. Of course, there were some that would not

29 come near the communal situation. But there was a mingling of the

30 Sons of Darkness and the Sons of Light in that group that extended

31 from the twelve, and as we said before, the Sons of Light developed

32 the spiritual aspects of the civilization, the cultural aspects of

33 the civilization. They brought the standards to the land. Of

34 course, as time progresses then and more and more begin to occupy the

35 continent, you developed then into a firmer division in the

36 civilization or in the people that had migrated to Atlantis.

37 Naturally, the Sons of Darkness collected very solidly together and

38 those that skirted, shall we say, the communal situation, the Sons of

39 Light, kind of, shall we say, teetered back and forth between the

40 Sons of Darkness and the Sons of Light. As the groups developed and

41 grew stronger, as they multiplied, then you see the Sons of Darkness

42 growing much stronger than the Sons of Light. They became the, shall

43 we say, workers of the material realm, and in so doing they produced

44 in excess of what they needed, regardless of what it was.

45 Immediately they had arms for protection where the Sons of Light did  
46 not bother with such things; they moved to the land in peace and so  
47 they found the land peaceful. But the Sons of Darkness did not.  
48 They did not come to the land in peace so they did not find it  
49 peaceful. As time progresses then, the Sons of Darkness set up a  
50 system of government that is similar to present day monarchs. Of  
51 course, in their strength they overpowered the small communities of  
52 the Sons of Light and, shall we say, occupied them. Oh, they were  
53 allowed to exist, but they were watched very carefully. They  
54 automatically took the position, the Sons of Light, as the priests of  
55 their religious belief systems at that time and as the civilization  
56 grew, as the population grew, the Sons of Darkness then infiltrated  
57 the priesthood, infiltrated the temples and thus they became  
58 corrupted and brought about a greater control than by the Sons of  
59 Darkness of the masses. By having control of the worshipping system  
60 or the temple, they could feed to the masses whatever they wished.  
61 Although the Sons of Light were permitted to be figureheads, shall we  
62 say, they were manipulated in such ways so that they actually had no  
63 control of the situation and consequently then they began to isolate  
64 themselves as far as their spiritual beliefs.

65 In the makeup of the governing of the land, it was automatically,  
66 shall we say, divided. As this segment moved in here and as that  
67 segment moved in there they became what you could refer to as  
68 colonies or states or dominions and each having its ruler. The  
69 motivating principle in the development of this rule was the Sons of  
70 Light. They would have gatherings or meetings on a regular basis in  
71 which they would discuss what was necessary for the maintenance of a  
72 good spiritual life and a good healthy physical body and so the Sons  
73 of Darkness weaved into this same structure their control. Later on,  
74 of course, they developed a central king. From time to time during  
75 the reigning powers one individual would inherit the throne of a  
76 dominion and that individual would not be classified truly as a Son of  
77 Darkness. That individual was basically a good person. The  
78 difference between that individual and the true Sons of Light and the  
79 true Sons of Darkness was that although the individual was basically

80 godly, the individual did not really consciously understand his  
81 rightful position. So one could not say that such an individual was  
82 either a Son of Darkness or a Son of Light. It would be wisest then  
83 to consider that type of individual a good child of God, a good human  
84 being and so through all the time that Atlantis existed, from its  
85 very beginning to when it climbed to its peak it had a number of  
86 rulers that would be beneficial to mankind and a number of rulers  
87 that would be detrimental to mankind. Each dominion then was  
88 subdivided so that those who had favor of the ruling king would be  
89 appointed to those subdivisions and thus the rule was passed then  
90 from the monarch on down to those he chose to represent him. As far  
91 as civilization goes, there was very little division amongst the  
92 people in the very beginning. They were more or less blended  
93 together without social divisions but as the land began to prosper,  
94 as society began to develop, then we begin to see distinct classes of  
95 people. Also, as the Sons of Darkness came to the new continent they  
96 brought with them much of their needs and that was a subservient  
97 class that through Mu and Lemuria they had created. As they gained  
98 control then of Atlantis, this subservient class was increased, and as  
99 they gained control then and they developed the class system, those  
100 at the very bottom were intermingled with the subservient class.  
101 Now, the subservient class was that which they had created that one  
102 might consider semi-developed animals. Those creatures that were  
103 neither true human nor true animal, but they were more or less, shall  
104 we say, monstrosities. They were animals that had been developed to  
105 mimic man. Thus one would not consider them true animal nor true  
106 man.

*Belief system was discussed on 78-06-10, the 46<sup>th</sup> Trance.  
The word “belief” was first found on page 762, line 643.*

585 \*\*\*: In Galatians 4: 4-7, it states that we are Sons of God. If  
586 this is the case, how do we relate to Christ being The Son of God?  
587 We hope for an explanation that will clarify this. There is more to  
588 this question but I thought perhaps you would want to answer the  
589 first part.

590

591 C: You would be wisest to try and have the full quote which you make  
592 reference to.

593

594 \*\*\*: "Then God sent out His Son on a mission to us. He took birth  
595 from a woman, took birth as a subject of the law, so as to ransom  
596 those who were subject to the law, and make us sons by adoption. To  
597 prove that you are sons, God has sent out the Spirit of His Son into  
598 your hearts, crying out in us Abba, Father. No longer then, art thou  
599 a slave, thou art a son; and because thou art a son, thou hast, by  
600 Divine appointment, the son's right of inheritance."

601

602 C: And what is your question now?

603 \*\*\*: In Galatians 4:4-7, it states that we are Sons of God. If this  
604 is the case, how do we relate to Christ being The Son of God?

605

606 C: Well, it should be quite obvious. There has never been any  
607 argument that you are not Sons of God and as far as Jesus Christ  
608 being The Son of God, He is The Son of God, simply because He is the  
609 only one that has been begotten by God the Father Himself. Now, you  
610 must understand that Jesus Christ is the physical aspect of an aspect  
611 of the Divine Father. Now, if you will recall in what we have  
612 already given you as far as the Virgin Birth, that is the first time  
613 in man's history, that the Divine has touched personally, shall we

614 say, another physical form or, shall we say, a physical form, in that  
615 the Divine Father is the Sire of Jesus of Nazareth. No earthly man  
616 was involved in this so in this respect then Jesus Christ is the  
617 Only-Begotten Son of the Father and thus not only is rightful heir to  
618 all the heavenly realms but then automatically becomes rightful  
619 heir to all of the physical realms, all the physical manifestations.  
620 Do you understand?

621

622 \*\*\*: Yes.

623

624 C: Now this does not mean that you are not also a son for you were  
625 also created by the Divine Father. The difference is it was your  
626 choosing to become involved in the material because of your  
627 self-satisfaction, your selfishness, and consequently you became  
628 stuck, but in the sense of Jesus the Christ there was no reason for  
629 His material expression other than to instill in the physical  
630 manifestation an avenue of final escape for those who had tied  
631 themselves to the wheel of reincarnation and karma. So as we have  
632 said before then this Man and God, Jesus Christ, is that Bridge which  
633 traverses this dark abyss that you have created. It is His Mystical  
634 Consciousness or His Mystical Body that now permeates everything in  
635 the material manifestation and as such you are able then to become  
636 part of that, if you choose, drawing then into you that illumination  
637 for the desire of returning home to your rightful place, to your  
638 heavenly mansion, to your heavenly kingdom or domain or to your godly  
639 state of consciousness. We will tell you something that possibly we  
640 should refer to as a mystery or a secret, but really is not if you  
641 have a true understanding of the whole purpose of the Christian  
642 experience and that is this. That each of you who find yourselves in  
643 the Christian Belief System has already, shall we say, opened all the  
644 chakras in the physical form. You have started from the base and  
645 gone to the top, but you have not been able to do it in perfection,  
646 so consequently you have what it takes for perfection but you have  
647 not been able to apply it, so you come into the Christian Belief  
648 System where you have the perfect example for the proper application,

649 the perfected application of your spirituality, of your awareness.  
650 Each Christian, if he is a true Christian, each Child of God, if he  
651 is a true Child of God, each Son of God, if he is a true Son of God,  
652 and each Son of Light, if he is a true Son of Light, will work  
653 through the fourth chakra, the heart chakra. That all this  
654 illumination from the thousand petal lotus or the crown chakra, from  
655 the third eye or the brow chakra, from the throat chakra should work  
656 through the heart chakra. All experiences must be generated from the  
657 heart chakra. All the enlightenment, all the knowledge, all the  
658 wisdom, all the illumination, is of no value if it cannot be applied  
659 to the exterior and its application must come from that heart chakra.  
660 It must emanate from the heart. It must emanate from the throat  
661 chakra, the voice, the words. It must emanate from the mind, the  
662 brow chakra.

663

664 \*\*\*: At different times? Different chakras at different times or  
665 all of them working together?

666

667 C: Anyone born in the Christian Belief System has opened all the  
668 chakras and has opened them properly, each chakra. None has been  
669 bypassed or opened out of order or any of the old confusion that is  
670 often put to the energy system. Do you understand this?

671

672 \*\*\*: Yes. I guess what had me confused is sometimes I am aware of  
673 the throat chakra or the heart chakra.

674

675 C: You should not isolate your awareness of those chakras. In other  
676 words you should not concentrate on just one.

677

678 \*\*\*: No, I wasn't.

679

680 C: Now, listen, listen, listen, Do you understand?

681

682 \*\*\*: Yes.

683

684 C: Now listen. The fact that you are aware of a particular chakra  
685 shows that you are concentrating on that chakra and this can throw it  
686 out of balance. Think of yourself as a total being and that  
687 everything that you have accomplished must now be presented in the  
688 physical form through love, through the heart chakra. That is the  
689 power chakra now. The thousand petal lotus chakra or the crown  
690 chakra is open and is receptive. That flows down directly to the  
691 heart chakra; there it is stimulated; it is energized; and it is  
692 pumped up then automatically either to be expressed from the heart  
693 through the general attitude and actions or through the voice or  
694 through the brow chakra or the mind and the thinking that brings  
695 situations of benefit and care. Do you understand?

696

697 \*\*\*: Yes. Partly.

698 C: Hopefully you will understand completely. No one in the Western  
699 belief system and particularly in Christianity has to worry about the  
700 chakras and least of all, any of the chakras below the heart chakra.  
701 Those are stabilized and will not be hampered with. The only way  
702 those chakras can become out of condition is if you take those  
703 feelings, those illuminations, those understandings from the heart  
704 chakra and instead of moving them up and out you retain them and  
705 they will move down and out which will throw them then out of  
706 balance. And it is only through the brow chakra then, the mind, the  
707 attitudes, increasing that by concentrating on attitudes that are  
708 contrary to what is being produced from the lower chakras, the lower  
709 three. So then the brow chakra must overpower then the out of  
710 balance lower chakras so that they will resynchronize themselves, so  
711 to put it. Once this attitude that manifests in the physical for the  
712 correction of whatever it was that was not expressed properly then  
713 the attitude makes the changes and makes the control.

714

715 \*\*\*: So then it doesn't do any good to go through a meditative  
716 procedure where you would concentrate on all of the various chakras  
717 one by one?

718

719 C. It would be an utter waste of time. If you wish to use that  
720 avenue, then the best way to gain peace of mind, if you wish, as far  
721 as the chakras go, is to concentrate on a cycling from the crown  
722 chakra down directly to the heart chakra and then up to the throat  
723 chakra and the brow chakra and it would work in one large unit, not  
724 separate. In other words, instead of four separate energy fields,  
725 you would have four fields working as one massive unit.

*Belief system was discussed on 78-06-10, the 46<sup>th</sup> Trance.  
The word “belief” was first found on page 765, line 756.*

755 \*\*\*: In Trance #29 you had made a statement. I'll read from the  
756 communication. "As to the major superstructure belief systems, there  
757 is a point in all the belief systems that have been brought in by the  
758 Divine Hand where there is one avenue or one, shall we say, set of  
759 rules and regulations or set of beliefs that are most closely in line  
760 with that which the Divine intended. Then from there you have  
761 breakaways which modify one aspect or another. Now if one were to  
762 move to that central line and apply those beliefs to their everyday  
763 existence and to their awareness of the Divine, then they would reach  
764 the maximum benefit that that belief system has available." Could  
765 you tell us what is that central line in Christianity?

766

767 C: Give organized religion time to cleanse itself first. Then we  
768 will give you that answer. Next question.

769

770 \*\*\*: Okay. A little later on in the same communication you said,  
771 "Now we are not saying that those who believe in the Eastern belief  
772 system are all negative. Quite the contrary. In their manner they  
773 are making spiritual growth and development, but just the same there  
774 is a negative element there, just as there is a negative element in  
775 the Christian belief system." Could you tell us what is that  
776 negative element in Christianity?

777

778 C: When organized religion allows intellectualism to override its  
779 spiritual awareness that is natural, then we would have to consider  
780 that a negative element.

781

782 \*\*\*: Is there anything more?

783

784 C: Isn't that sufficient?

785

786 \*\*\*: I have one other question. It's regarding belief systems. In  
787 regards to Islam, seeing as how it's one of the major belief systems  
788 in the world now and that came after Christ, I was wondering what  
789 part Islam plays in what's going on?

790 C: We would place that question alongside the one earlier this  
791 evening that we chose not to answer. Are there any other questions?

792

793 \*\*\*: I have no other questions. Does anyone else have any other  
794 questions?

795

796 C: (\*\*\*), one indication as far as your last question.

797

798 \*\*\*: Yes.

799

800 C: There are many things that must transpire to bring about the  
801 completion of prophecy. With that then we will set that question  
802 aside with the other one.

*Belief system was discussed on 78-12-02, the 51st Trance.*

*The word “belief” was first found on page 878, line 220.*

185 4) The fourth segment deals with Gen. 4:1-16. This points out the  
186 final fall or the ultimate fall or, shall we say, the bottom rung of  
187 the ladder. The story of Cain and Abel gives a very poetic picture  
188 of the inner division that exists within self. We would name this  
189 segment the Personal Division of Self: Cain representing that which  
190 is not godly, that which is infested with pride and selfishness; and  
191 Abel the manifestation of the all-loving, the all-giving of self, the  
192 perfect mirror of the Divine. Cain was the tiller of the soil. This  
193 is a poetic description of that which is not godly in us and that  
194 which causes us to work, to endure trials, to face tests. Abel is  
195 the shepherd, a poetic picture of one who is full of love,  
196 tenderness, and a caring for the helpless, which is pictured as the  
197 sheep and the lamb. As time passes Cain and Abel must present to  
198 their Divine Creator the fruits of their effort. In the Bible it  
199 states that Cain brought some of the produce of the soil as an  
200 offering to Yahweh while Abel for his part brought the first-born of  
201 his flock. This you will find in verse 3 and 4. Cain brought some of  
202 the produce of the soil. He did not bring the best; he did not bring  
203 the first choice; but he offered only some which is a sign of  
204 incomplete desire for at-one-ment. While on the other part Abel  
205 brought the first-born of his flock, the first is always considered  
206 the best, the purest, and in this we see it is for us to offer up our  
207 best efforts; it is for us to put forth the first step; it is for us  
208 to offer ourselves totally first to the Divine Plan. The death of  
209 Abel at the hand of Cain indicates that man fell and has continued to  
210 fall from the very beginning.

211

212 An interesting note in regards to the Old Testament, if one were  
213 to read further from the very last verse it says that Yahweh put a

214 mark on Cain to prevent whoever came across him from striking him  
215 down, Cain left the presence of Yahweh and settled in the land East  
216 of Eden. This verse 16 and verse 15 are indications: East  
217 represents a backward movement, a sticking with the old, a refusal to  
218 move ahead, a refusal to accept that light which is offered, that  
219 Consciousness which is rightfully yours but you must choose to accept  
220 it; the mark-- those outmoded ideas, those outmoded belief systems  
221 that hold you within, that focus your attention to your own inner  
222 being, that keep you stagnant or prevent you from reaching out with a  
223 helping hand.

224

225 5) Segment 5 deals with the Tower of Babel. In our efforts to  
226 explain you as a being we will use a sequence of events in the Bible  
227 not as they are presented but in an order that will bring greater  
228 clarification.

229

230 The Tower of Babel has two significant meanings. The tower  
231 itself indicates a solid front, a direct moving away from the Divine  
232 Godhead, a greater separation. As a tower represents strength, a  
233 fortress, in this story then the tower represents a single direction  
234 of moving away from the Godhead, moving away from your rightful  
235 kingship, your rightful place and so in Divine Wisdom this solid  
236 front was stopped. In the Bible in chapter 11 of Genesis in verses 5  
237 and 6 it states that Yahweh came to the town and saw the tower that  
238 the sons of man had built, and they were of a single people with a  
239 single language and He confused them, as it states later on. What it  
240 says here is that this pell-mell movement away from the Divine Source  
241 was halted somewhat in that we have the interjection of a number  
242 of belief systems then that spoke of a divine existence, and a number  
243 of ways were introduced into the consciousness of the physical man in  
244 which he may attempt to return to his Maker. The changing of the  
245 language is the introduction of all the old belief systems that have  
246 existed in the past, even those that present a situation where one  
247 becomes stagnant or a belief system where one becomes even more  
248 befuddled.

249 Another understanding of the changing of the language in the  
250 tower of Babel can be understood as this, that in the very early  
251 stages of the material manifestation, man was much closer in touch  
252 with the spirit, but in his desire to manifest the spirit in the  
253 material in an aggressive way he lost touch with the spirit, and  
254 instead of speaking in one spirit, he began to speak in a number of  
255 spirits.

*Belief system was discussed on 78-12-12, the 52nd Trance.*

*The word “belief” was first found on page 904, line 992.*

950 \*\*\*: When you say in the tower of Babel story, you say that the  
951 tower represents a solid front moving away from God, I take that to  
952 mean that we were coming close to outright defiance of God, is this  
953 true and in any case could you clarify this moving away?

954

955 C: You are in outright defiance of the Divine right now. What we  
956 meant was there was a single direction ... (less confusion, please,  
957 these communications are getting more like three-ring circuses) Now  
958 what we meant was that there was a pell-mell effect, in other words,  
959 there was a direct force, a force moving away from God that was  
960 uninhibited, unobstructed. Do you understand this?

961

962 \*\*\*: I don't think very well.

963

964 C: There was nothing to make one contemplate anything other than  
965 self. Do you understand this?

966

967 \*\*\*: Okay, I think I do.

968

969 C: Because at that time everyone or all beings were quite versed yet  
970 in telepathy and what have you, in the spiritual gifts, that thought  
971 was contagious, there was a mass thought of movement of the desire for  
972 the material, the infatuation with the material, there was no time  
973 whatsoever for contemplation, for thinking of what each individual,  
974 each being, each entity, was doing to themselves, and so in the  
975 confusion then that was placed upon man, this was the ceasing of the  
976 ability to think as one, to be so in touch with the spirit, you see;  
977 this is the time when man lost most of his spiritual abilities, his  
978 psychic abilities, his gifts, you see. This placed man then in a, shall

979 we say, attitude of dumbfoundedness, shock. "Where are my other  
980 brothers and sisters? Where is this thought? Where is my communication?  
981 So they were forced then into silence, to looking; and of course, they  
982 could not communicate with one another verbally (they could, do not  
983 misunderstand, they could, but how often do each of you communicate  
984 with the ones you love; you may talk but you say very little); this  
985 is what we mean then in this particular case. There was no in-depth  
986 talk or communication of spiritual things, and in this confusion then  
987 individuals were forced to search within themselves, they were forced  
988 to search for some force, some movement, some reason; in other words,  
989 they were brought up against a solid wall with no place to go. After  
990 moving so far from the Divine their only option was then to look  
991 within themselves, so you have then the starting of the Eastern  
992 belief systems. Now, we have completely ignored the movement  
993 of the Sons of Light, and all that was said in the Atlantis material.  
994 There was, in some instances, those who did not fall off the deep  
995 end, shall we say; there were some of those that were brought to a  
996 screeching halt without banging their head against a brick wall, you  
997 see, but let us not bring in that segment of the material.

*Belief system was discussed on 79-04-01, the 63rd Trance.*

*The word “belief” was first found on page 1011, line 276.*

200 \*\*\*: Then moving to the workshop the next day, and the workshop is  
201 titled "Methods of achieving or entering trance states." Do you have  
202 any general comments, first of all?

203

204 C: We would prefer a more honest title to the workshop, but  
205 unfortunately, you have no control over that.

206

207 \*\*\*: Is there any way that maybe at the beginning should we qualify  
208 the use of the term trance state?

209

210 C: Yes, because there is definitely a misunderstanding.

211

212 \*\*\*: On the part of the organizers?

213

214 C: On the part of general awareness. Here then would be an  
215 explanation of a trance state:

216 First off, a trance state is nothing more than an altered state  
217 of consciousness. The trance state in general is the altering of the  
218 consciousness from this point to that point, depending on the desire,  
219 depending on the goal to be reached and the true governing factor,  
220 the condition or the development of the soul itself or the entity,  
221 those lessons learned through incarnations. The level of information  
222 would indicate the degree of the altered state of consciousness; the  
223 altered state of consciousness would determine the effects on the  
224 physical body and, of course, then the conscious mind and the  
225 subconscious mind. The higher the altered state of consciousness or  
226 the ability to reach a purer level would indicate a deeper state of  
227 trance, would be indicated by a purer quality of material; it would  
228 also indicate the depth of trance or the degree of the altered state

229 of consciousness would determine the purity of the material as  
230 opposed to coloration either by the individual in the state of trance  
231 or the discoloration of the material by the area from which the  
232 material is being drawn, because you must remember there are a number  
233 of areas from which material can be drawn. Those that  
234 develop a trance state and project a definite personality to the  
235 material, such as one who would have an accent, this would indicate  
236 that it is coming from a level on the spiritual side that would  
237 still deal with entities that were closely related to the material,  
238 since they possess the element of personality, such as an accent. If  
239 they possess the personality in respects to a name or are related to  
240 a specific area or a profession, this also would indicate the lower  
241 levels of spirituality or spiritual existence on the other side.  
242 Those dealing with masters and avatars would actually be in the same  
243 level, although there is a general teaching that these are somewhat  
244 higher than the other levels.  
245 Now in this then you also have the other end of the, shall we  
246 say, scale; these can be actual entities using the physical being, the  
247 physical body, or it can be a facet of the individual's mind; being  
248 able to achieve an altered state of consciousness then but finding a  
249 need for one reason or another to bring this material, this  
250 information, that is within, to bring it out in a form that has  
251 coloration to it, such as a dialect or a specific personality.  
252 Then there are those who can alter the state of consciousness so  
253 that it goes into what is sometimes referred as the collective  
254 consciousness, cosmic consciousness, whatever term you wish to place;  
255 this is an area then that is actually what could be referred to as  
256 simple or pure knowledge, in that, all the knowledge of mankind then  
257 is left; nothing is destroyed, and since it is birthed in thought or  
258 since its originating factor is thought, then there is an area where  
259 all these thoughts are. Again, this area can be plagued with  
260 coloration or can be, shall we say, tempered with coloration in that  
261 it is a total mergence of not only technical material but  
262 philosophical material. The actual technical material is not  
263 discolored always to a destructive degree. Do you understand that?

264

265 \*\*\*: Somewhat, do you mean ...

266

267 C: In other words, to make it relatively simple. In this area, if a  
268 man were to invent a light switch, very well, it is a matter of  
269 breaking electrical contact to shut the light off or to make  
270 electrical contact to turn the light on. The mechanics of that  
271 apparatus are less apt to be discolored or changed as opposed to  
272 philosophical material or spiritual material. Do you understand?

273

274 \*\*\*: Yes.

275

276 C: So that if you have, shall we say, the Eastern belief system  
277 drawing and putting out, and you have the Western belief system  
278 drawing and putting out, and you have a number of other belief  
279 systems drawing and putting out, then this is all collected in a  
280 certain area, and it does blend and merge to a certain degree. There  
281 is within those belief systems the opportunity to get to the core  
282 truth or the core principle of that belief system, but as you move  
283 away from that, then there is an overlapping of those other belief  
284 systems adjacent to it. Now, we are giving you this material, this  
285 information, so that it appears to be the specific areas with  
286 definite limits and boundaries, but this is not the case. In order  
287 for us to give you an idea we must present it to you in this manner.  
288 Do you understand?

289

290 \*\*\*: Yes.

291

292 C: It is more likened to taking a bucket of water from one lake and  
293 one part of the country, and taking a bucket of water from  
294 another lake in another part of the country, and doing this with say  
295 two or three dozen buckets of water. You have a large container  
296 then, and you dump all the buckets in there. It is water from  
297 separate areas, but yet when you mix it together it appears as though  
298 it is one water. Do you understand?

299

300 \*\*\*: Yes.

301

302 C: But there are twelve separate buckets of water; two dozen  
303 separate buckets of water.

304

305 \*\*\*: Okay.

306

307 C: Now even though they mix, there is, once you go into the  
308 spiritual, even though they may be laying all together, it is quite  
309 possible to tap into one specific thing. So that in reaching an  
310 altered state of consciousness where you would tap into this area of  
311 knowledge, there is no guarantee of how pure the material is. Do you  
312 understand?

313

314 \*\*\*: Yes.

315

316 C: From there then or from this ability to tap into that area and on  
317 up is governed by the condition of the soul or the lessons learned.  
318 Dealing with the individual entities that we had talked about before,  
319 those who still maintain their human personalities, that is the  
320 ability to alter the state of consciousness or alter the sensitivity.  
321 Do you understand? Once you are past that then, you get into the  
322 area where it is necessary to have a certain amount of soul  
323 development.

324

325 \*\*\*: So then the areas that you have talked about so far would be  
326 something more or less open to everybody, and then beyond that would  
327 require a higher state of spirituality or as you say soul  
328 development?

329

330 C: The area where pure knowledge or general knowledge or  
331 information is, that level and above requires soul development.

332 \*\*\*: All right.

333

334 C: Now you must be sure you understand that.

335

336 \*\*\*: So then, at first you said that some altered states may come  
337 out with information with an accent or a particular name or maybe  
338 masters and things, those informations are generally available to  
339 anybody.

340

341 C: Yes. Now this is not the general attitude accepted, you must  
342 realize that.

343

344 \*\*\*: Yes.

345

346 C: You have to take into consideration the ego of the individual  
347 involved. Some of those who claim a contact with higher beings are,  
348 shall we say, doing nothing more than stirring up their own  
349 subconscious. There is no way of convincing them of that. So, that  
350 area in there particularly dealing with personalities and the spirit  
351 world and the masters and what have you, that is an area that is  
352 available to all individuals, to all entities. It requires no degree  
353 of spirituality.

354 Now to begin to get into the area where the accumulated knowledge  
355 of mankind exists, then this begins to get into the area of spiritual  
356 development. The soul then must have accomplished certain things.

357

358 \*\*\*: Are there any specific things that the soul must have  
359 accomplished or would that be on an individual or personal basis?

360

361 C: It would be actually on a very personal basis, but there are,  
362 shall we say, some general rules that could be outlined or some  
363 general areas of experiences that can be outlined or laid out that  
364 could possibly indicate or give an indication of a soul's development  
365 or ability, and that would be those individuals that have, shall we  
366 say, undergone a great deal of suffering for others, a great deal of  
367 sacrifice for others; now suffering can be either physical or mental;  
368 sacrifice could be an expressed desire of love, an active expression

369 of love, a giving up of self for others. You see, this is the growth  
370 of the spirit or the soul. This indicates spiritual growth or  
371 spirituality. Those who have had lifetimes that have been  
372 self-sacrificing would begin then to have the development to reach  
373 those levels; this must be achieved in a previous lifetime; although  
374 in some cases a soul will come in and endure such a lifetime and be  
375 able to reach higher levels of information, but then in that case  
376 really if you were to check carefully in the records you would see  
377 that there have been lifetimes before of great sacrifice; and again  
378 sacrifice does not necessarily mean suffering.

379

380 \*\*\*: Is there any, perhaps we would be asked, is there are any  
381 number of lifetimes this would take to reach, of the  
382 self-sacrificing?

383 C: It can be done in one lifetime. Now again, you must remember  
384 self-sacrificing does not mean hardship or pain or suffering. It  
385 means the setting aside of your own personal desires for something  
386 more, for someone else, and in many cases this is not painful, this  
387 is not suffering; it is a joyful and joyous act and brings great  
388 personal rewards to those who are involved in it.

389

390 \*\*\*: Yes, thank you.

391

392 C: A very simple example, although it may not be accepted by most  
393 people because they like the fantasy, but a very simple example of  
394 self-sacrificing is a good spiritual mother in dealing with her  
395 children and her family, when she sets aside her personal desires to  
396 take care of her family. This is a great step in spirituality, when  
397 a soul manifests in the feminine form; so in essence this is  
398 self-sacrificing but is not painful or suffering; it brings mothers  
399 great joy. So you must realize that spiritual growth does not have  
400 to come through suffering and doing without. It can come in  
401 lifetimes of great happiness; although we must add a factor of truth  
402 here, and that is man has chosen to make his greatest spiritual  
403 growths in suffering, but this is not the Will of your Father or

404 Christ; this is what you have created yourself. Very well.

405

406 \*\*\*: Yes, thank you.

407

408 \*\*\*: You indicated the areas of pure knowledge or collective  
409 knowledge, those areas and above require soul development or  
410 spiritual development to achieve.

411

412 C: Yes. Now there is at times depending on the situation, the  
413 individual involved, one may choose with the sufficient development  
414 of the soul or spirituality may choose to work within the collective  
415 conscious area and the lower realms of spirit entities. There may be  
416 that switching back and forth, if the individual chooses.

417 Now from the collective consciousness or the area of knowledge,  
418 information, the next step would be an area of spiritual beings that  
419 have actually entered into the heavenly realms, as opposed to those  
420 realms that were created by man's ability to create. Now in this  
421 area then there are, again, levels of beings. The difference between  
422 this area and the lower areas is that once you achieve this area,  
423 then you realize that there is no need for any personality traits,  
424 such as would be related to the material. In these areas then you have  
425 true spiritual beings; they do not accept reference to themselves as  
426 masters or any such title. They express themselves as servants of  
427 those below and servants of those above. They are learning; they are  
428 children of God, and they recognize then the Lord Jesus Christ as  
429 their Light and their Way. Now in this area you must realize that  
430 there are degrees of understanding and practice, which is somewhat  
431 different than the other levels below. In this area then and this  
432 would include the area that we are in, we know the truths of the  
433 Divine, just as you, but we have developed sufficiently to make them  
434 a part of our being so that we are definitely, shall we say,  
435 imitations of THE Christ. We are not AN imitation which would  
436 indicate, shall we say, fakery or incompleteness. Depending on how  
437 close you are then to the Godhead itself is governed by your  
438 understanding and the practice or the acceptance of love. There are,

439 shall we say, brothers and sisters here who quite possibly you could  
440 deal with in a communication that upon answering your question would  
441 be, shall we say, extremely blunt; they would give you the  
442 information very factually, very, shall we say, without a gentle  
443 touch. This, they are practicing the truth; they are, shall we say,  
444 expressing in a godly way; but the element of complete practice of  
445 love is not yet fully developed, so that in speaking to you then the  
446 information would be extremely cold, such as that that would be  
447 involved in say your spiritual growth. If you had an aspect about  
448 yourself that was not within a godly vibration or not within the  
449 Divine Plan, then they would answer your question very bluntly, and  
450 they would point out very directly your faults. In, shall we say,  
451 some respects it would be too shocking for most of you. As you  
452 progress then from that on higher, now you must realize that these  
453 beings are not doing this with a viciousness but are doing it with  
454 sincere honesty. As you go then up further then it becomes tempered  
455 with a greater degree of love. Do you understand?

456

457 \*\*\*: Yes.

458

459 C: Now, as far as where we are concerned. We have come to the point  
460 where we have gone through these levels of awareness. We have  
461 learned to accept the truth of God; we have learned to accept that we  
462 are part of Him; and we have learned to accept that each of you, and  
463 each of our brothers and sisters here are equally a part of the  
464 Father and in so being then they are a part of us; and that this does  
465 not detract from you or us as personality, but adds to it; as we add  
466 to the Glory of God, He adds to our glory. So as we become more  
467 aware of true love, the complete practice of it, then you begin to  
468 graduate closer to the Godhead. We have learned to tell you the  
469 truth, with complete love and complete understanding. We have  
470 learned to be able to tell you of those things that you have done  
471 wrong and not condemn you but understand completely and still love  
472 you. We have learned that when you ask us for advice, and we give it  
473 to you, and you do not follow it, we have learned that we love

474 you, and we still pray for you. You see? And that we are not  
475 affected or, shall we say, our love is not affected by your  
476 trespassing against our offer to help. You see?

477

478 \*\*\*: Yes.

479 C: Now in this area those who are younger in growth than we, if we  
480 can use that term, would not become offended, would not chastise you,  
481 but would be, shall we say, uncomfortably blunt, because they have  
482 not learned to temper all things with love. They are fully aware of  
483 love and what they do, what they offer you, their prayers, whatever  
484 help, is always done in complete love, it comes from them through the  
485 force of love or through the act of love that they have for you, but  
486 they use love as a motivating force for their actions as opposed to  
487 allowing love to engulf completely their efforts. Now in time,  
488 hopefully, we will be able to give you a somewhat clearer picture of  
489 the true heaven, not what man has made or has conceived, but the true  
490 heaven, and possibly some indication of man's heaven and the true  
491 heaven would be that those beings below the area of knowledge, those  
492 beings then would be as this: whereas we are facing the Light, the  
493 Word, Christ, and the Father, those beings are on the outer edge with  
494 their backs towards the Father. Now this does not mean that they are  
495 not in the Light; they are in the Light but they are looking at their  
496 own shadows. Do you understand? No, you do not. There is a  
497 difference between being in the dark and being in the Light and still  
498 in the darkness of your own shadow. In other words, what that means  
499 is that they have not totally relinquished themselves to Divine Will;  
500 they still insist on their awareness and their concepts of love and  
501 of God and His Love, so consequently, they are trying to a degree;  
502 they are not doing it viciously or maliciously, they just refuse to  
503 accept guidance when it is given to them by others. They feel that  
504 all knowledge is within them, and so consequently, they have not  
505 learned that the true existence in godly realms is a united effort  
506 with your brothers and sisters. Do you understand the principle  
507 there?

508

509 \*\*\*: Yes, I believe so.

510

511 C: So that is to indicate that those people are still within the  
512 Grace of God, but they are, shall we say, making the road much harder  
513 for themselves; now that is opposed to the negative element. Do you  
514 understand?

515

516 \*\*\*: Yes.

517

518 C: Going beyond that, shall we say, area then we get into another  
519 aspect which we would prefer not to cover at this time. Very well.  
520 So then this area of heaven or the heavenly realms is again an area  
521 of awareness, of growth. As we have stated to you, we are in the  
522 portico of the House of the Lord, of the Infinite Father, which means  
523 that we have totally accepted God's Love, and that as we attempt to  
524 share in God's Divine Plan, then we pass from those heavens of  
525 learning to the actual glorification of ourselves and the increase in  
526 our identity and our personality while still completely immersed and  
527 enfolded in this Divine Source, the Father. It is a concept that you  
528 cannot truly understand because again man's awareness in a conscious  
529 state is extremely limited. Very well.

The word “belief” was first found on page 1064, line 300.*

300 \*\*\*: Yes, I understand. Thank you. In the Christian Belief  
301 System we have the Test of the Spirits in the First Epistle of  
302 John. For other belief systems would you share with us what  
303 protection there is, if they are, for instance, of the Jewish or  
304 one of the eastern belief systems?

305

306 C: Mercy, we could be here all night trying to weave in and out of  
307 that situation. The easiest explanation is that other than the  
308 Christian belief system it is a very involved situation in  
309 maintaining God's protection from negative influences. The  
310 simplest answer to that question would be that as long as the  
311 individual maintains the religious belief's rules and regulations  
312 they would be protected. You must take into consideration that in  
313 regards to the Jewish religion, they have not yet accepted Jesus  
314 Christ as the Divine Saviour; but if they apply themselves to the  
315 actual teachings of God through the prophets, they will fall under  
316 the protection of God. The Christian Belief System is the only one  
317 that has an out-and-out definite cold-cut promise and a definite  
318 outline for that protection. You see, the Father has made it all  
319 very simple for you.

320

321 \*\*\*: I thank you for that information.

*Belief system was discussed on 79-12-01, the 72<sup>nd</sup> Trance.  
The word “belief” was first found on page 1170, line 776.*

775 \*\*\*: What happens to the person who dies and never goes to church  
776 but expresses a belief in God?  
777

778 C: Explain what you mean by a belief in God.  
779

780 \*\*\*: Well, a person that knows there is a God, and knows that He  
781 is good, and says that they believe that He is the Father, but  
782 never goes to church to express their gratitude or pray to Him.  
783

784 C: Every soul, every being, knows that there is a God. He may,  
785 during his lifetime, say that he does not believe in a God or he  
786 does not believe in this or that, but at the moment of death he  
787 eats his own words. Just because you believe in God does not mean  
788 anything at all. Going to church does not mean anything at all.  
789 It is the practice of a god-like life that makes the difference.  
790 Going to church does nothing for you if you do not carry those  
791 teachings and that life style with you seven days a week. The only  
792 benefit from going to church and not living a life that you should  
793 is that possibly through your affiliation with that church and  
794 those who attend, something may rub off on you or something may  
795 transpire that would give you a change of heart.

*Belief system was discussed on 80-01-26, the 74th Trance.  
The word “belief” was first found on page 1181, line 265.*

231 C: Now, in this first level that we would call again the Spirit  
232 World in the area referred to as the man-made realms the review  
233 process is similar, but there is a foreboding feeling of this  
234 guilt. The guilt again stems from the first action and that is the  
235 desire to separate from the Divine Source. In the separation one  
236 has then in a sense denied its relationship to God the Father, and  
237 since the original separation was brought about by the ego and the  
238 inability to accept this as the cause for the present manifestation  
239 begins an unending circle, because in this process then there is,  
240 in some, the eventual denial completely of God's Total Love that He  
241 has; so it becomes then a trap by one's own construction. If the  
242 entity has lived its life so that it subscribes then to the  
243 man-made realms, it must go through that area with, shall we say, a  
244 minimum amount of influence from the God-made realms, because there  
245 is a rejection to a degree by those in the man-made realm of the  
246 influence possible from the God-made realms. Once the review has  
247 transpired then in the man-made realms, by the order that exists  
248 there the soul is advised in what path to follow next that would  
249 possibly bring a benefit to the soul. The influence from the  
250 second level of the God-made realm and the third level of the  
251 God-made realm, if it is accepted by those in the man-made realm,  
252 can be very beneficial in bringing the necessary awarenesses to  
253 that soul so that in its next manifestation it may then by that  
254 influence, by that interrelationship, it may then move into the  
255 God-made realms at the end of the next lifetime. Once the soul or  
256 the spirit being has accepted the influences from the God-made  
257 realms, now those who are in the man-made spiritual realm or Spirit  
258 World will find a tie or a channel or a connection all the time  
259 that it exists there in that spiritual realm and all the time that

260 it will exist in the material manifestation, providing that soul  
261 through the intellectual process does not cut that tie. If the  
262 soul does, then it will not grow in the awareness necessary to move  
263 it into the God-made realms. It will then return to the man-made  
264 realm which makes it necessary for the reincarnation process.  
265 Now as to those belief systems that man has created through  
266 his intellectual faculties, through his ego, those souls who move  
267 into the man-made heavenly realms congregate in areas that are of  
268 like belief. Now, our words are such so that it may leave the  
269 impression that there are segments with boundaries. Now as we  
270 tried to explain to you the last time, these segments and  
271 particularly in the spiritual realms whether they be the God-made  
272 or the man-made heavenly realms are as much an illusion as your  
273 present material manifestation is. This illusion is maintained so  
274 that you can see the progression of your actions, thus the  
275 responsibility that you have. In the example we gave some time ago  
276 concerning the projection booth. It is not necessary to go into  
277 all the details, but the projection booth had dim light in it, and  
278 when the soul was finished projecting its life on the screen, the  
279 screen of action, the door was slowly opened so that the light on  
280 the outside did not blind or overwhelm that soul, and so it is then  
281 when you pass from the material manifestation into the spiritual  
282 realms regardless of which side or which realm, the awareness of  
283 the magnitude of your being must be developed in gradual steps. As  
284 you moved away from the Divine Source, it was a series of gradual  
285 steps away, and so the return then must be the same; it must be in  
286 reverse. Instead of having the progression of cause and effect, in  
287 returning to the Divine Source or your Father must be the  
288 effect and the cause. In either side, either the God-made heavenly  
289 realms or the man-made heavenly realms, this Spirit World then  
290 exists in a fashion similar to what you understand as existing, but  
291 there is a degree of awareness once you have passed through the  
292 foyer that it is not the world or the material manifestation; that  
293 the reason why this illusion of another world or another time  
294 element exists is so that the peeling away of the effects and

295 getting to the cause is made clearer to you. The intensity and the  
296 responsibility is much more vivid in this manner and also as one  
297 progresses further on, the responsibility and the power that you  
298 have in your total being is, shall we say, a way of showing you or  
299 giving you a stronger hand to deal with or accept. Are there any  
300 questions?

301

302 \*\*\*: Bill would be interested in knowing if you can give an  
303 explanation of the man-made realms which you have done, but how  
304 many levels exist in the man-made realms?

305

306 C: That depends on what philosophy or what belief you subscribe  
307 to. The man-made realms are as different as philosophies. There  
308 are many so-called Christians who are in the man-made realms  
309 because their intentions were not truly Christian, and so this then  
310 they must understand in the man-made realms, that it is a false  
311 philosophy, that it is an untrue religion or belief. You may act  
312 as Christian outwardly as you wish, but if your intentions are not  
313 Christian, then your actions are deceitful, thus they are not  
314 Christian. We might add that your spiritual body consists of your  
315 character which should be food for thought for some. As to other  
316 beliefs, again, all those who believe in one religion or one  
317 philosophy are gathered together. Those who believe in another are  
318 gathered in that group, but again we use "gather together",  
319 "gathered in groups," the existence is not an actual physical  
320 existence as you would relate to this physical existence. Again,  
321 it is a state of consciousness on either side, and it is a matter  
322 of elevating that consciousness so that proper progress can be  
323 made. Those on the man-made side must in some way through their  
324 beliefs raise their consciousness to realize that they are not in a  
325 properly created realm; that it is not a Divine-created realm, but  
326 it is a realm created by their affections, their relationships,  
327 their willingness to accept less than what they rightfully deserve,  
328 regardless of what the reasoning is behind it. Remember, your  
329 spiritual body is actually the character that you develop here and

330 now. Think about that. That will give you a key to moving  
331 yourself into the proper realm so that it is not necessary to ever  
332 reincarnate.

*The word “belief” was first found on page 1276, line 229.*

195 C: Now for a further explanation of what transpires once you leave  
196 the material or once you change your focus, your attention, your  
197 mental efforts, if we may use that term.  
198 Consider what you believe in now as far as those concepts  
199 concerning spirituality, your relationship with your God, your  
200 Maker, and what He has provided for you. If these concepts are  
201 self-centered; if they come from an intellectual rationalization,  
202 then you are definitely tying yourself into the wheel of karma,  
203 into the wheel of reincarnation, into the cause and effect relating  
204 to the material manifestation. If you seal out that inner wisdom,  
205 that godly wisdom that you have, for personal conscious concepts  
206 that are more physically pleasing and mentally stimulating than  
207 soul rewarding, that brings you then into the area referred to as  
208 the man-made heavenly realms. What transpires there to put it in a  
209 very simple term is complete bedlam, complete bedlam. If you were  
210 to look over that area as opposed to the area that we have referred  
211 to as the God-made heavenly realms, even in its confusion though it  
212 has its own, shall we say, chain of events suitable to the  
213 occasion. Once the transition is made and you have gone through  
214 that state of consciousness we refer to as the foyer and the review  
215 has taken place -- now this is the review to determine whether you  
216 enter the God-made heavenly realms or the man-made heavenly realms,  
217 this is your first review, once that has transpired, then you move  
218 according to your efforts. If you move into the man-made heavenly  
219 realms in the very first level you will assume the situation that  
220 is likened to the very first level in the God-made heavenly realms  
221 that we have referred to as the Spirit World or the Spirit Level.  
222 There is some basic differences. The first difference is that you  
223 are consumed by guilt that is quite foreboding. Whatever

224 philosophy you have subscribed to, whatever concepts you have  
225 brought into your being, are all part of the first level. They are  
226 all there. You will move to that area that is likened to you.  
227 Regardless of what you have chosen to believe in, that area will be  
228 there for you and for all others who subscribe to the same  
229 concepts. You do have major areas, but under each major belief or  
230 under each major area there are many variants of the main concept  
231 or the main thrust of that spiritual attitude and you will move in  
232 that segment that belongs to you and to your kind.

*Belief system was discussed on 80-08-23, the 81st Trance.*

*The word “belief” was first found on page 1280, line 397.*

375 C: There is a central influence then from the God-made heavenly  
376 realms that is as an advisory board. This advisory board then  
377 assists you or the soul in determining what conditions and  
378 situations would best give you the opportunity to make the  
379 corrections necessary. There is no influences from the God-made  
380 heavenly realms at this central station that will force you to  
381 choose what would best serve you; it is only a center of influence;  
382 it is like an advisory board. They will attempt to encourage you  
383 in making the proper choices, but ultimately your choices are left  
384 up to you since the element of free will must be maintained,  
385 always -- total free will.

386 If you refuse such advice and guidance, then whatever you  
387 personally choose as the means of re-aligning yourself with the  
388 Divine Source, whatever means you choose will be honored because of  
389 your free will, but then what must be done is a condition wherein  
390 like souls, refusing the advice, must meet and develop the  
391 situation within their attitudes. Now, if you have a thousand  
392 souls who refuse the influences or the advice given, then those  
393 thousand souls must find within that element, that group, that  
394 conscious level, the proper condition that they choose for  
395 re-growth or for at-one-ment. They isolate themselves then from  
396 the mainstream of this second level. They must choose then from  
397 the segment of their belief system that they have encompassed. The  
398 ruling belief system for you in your next experience or in the  
399 continuation of your existence is the one that governs you in that  
400 existence. For example, if you were of Lutheran belief in a past  
401 life, in your last incarnation, and in this life you are a  
402 Presbyterian, then the Presbyterian concepts would rule then in the  
403 change of consciousness; in other words, when you enter, if you do,

404 in the man-made heavenly realms; so that if you refuse advice then  
405 you will gather with those who have refused advice and you would  
406 gather only with those that have had like belief, regardless of  
407 whether it would be true or to a central core belief system or one  
408 that has been deviated upon, you would go with that. That does not  
409 mean then you would have to return in that same belief system; you  
410 may return in whatever you choose, but you would have to work that  
411 area of return or that avenue of return from the like souls or like  
412 beliefs.

413 Those who choose to accept the advice or the guidance then are  
414 advised in a style of life or a belief system that would best give  
415 them the easiest opportunity for the at-one-ment with their Divine.  
416 Since the influence of this advisory board or this condition  
417 provided for you, since it comes from the God-made heavenly realms,  
418 there is an effort to bring the man-made heavenly realms to an end  
419 in a natural depletion or by a natural depletion of the souls there  
420 or the entities or the beings there; and so you would be guided  
421 then in a way that would be the easiest to overcome what you must  
422 overcome. Of course, again it is your free will choice as to  
423 whether you wish to accept or reject the advice. Once you have  
424 made the material manifestation -- you have accepted the advice  
425 and then you make the material manifestation again, it is your free  
426 will choice whether you wish to maintain that course of action or  
427 not. Remember, at all times free will overrides all conditions.

428 We made a remark sometime ago about those entities who accept  
429 an influence or a correspondence from the God-made heavenly realms.  
430 A word on that. If during this review process in the Spirit Level  
431 of the man-made heavenly realms you accept the correspondence from  
432 a soul or an entity in the God-made heavenly realms that  
433 correspondence then is held or that connection or that association  
434 is held through this first level. Once then you go into the second  
435 level which is the level that we should term as the Guidance Level,  
436 then this correspondence or this relationship increases, becomes  
437 more personal. You can be drawn out of the Spirit Level in the  
438 man-made heavenly realms into the God-made heavenly realms, but it

439 would be more likely that you would be drawn out of the second  
440 level than out of the first; it would be more likely that you would  
441 be drawn out of the Guidance Level than out of the Spirit Level  
442 because you would be much more attuned to the true self or the true  
443 you. You would have peeled off or shedded some of the rigidity that  
444 you brought with you in the Spirit Level of the man-made heavenly  
445 realms. Now, if, if it would be possible to be drawn out of the  
446 man-made heavenly realms into the God-made heavenly realms, you  
447 would have your best chance of accomplishing that in the second  
448 level, in the second level. This is not to say that it cannot  
449 happen in the first level. Again, a word of caution -- do not  
450 assume you can live a life as you choose and then only to find out  
451 you have mislived it and make the corrections in the hereafter. It  
452 is far, far harder and much less likely, so it would be wise to  
453 think as though it were not possible than to put all your eggs in  
454 that basket. Since there is no time once you leave the material  
455 manifestation, there is a presence of existence; and any concept of  
456 time once you have left the material manifestation is solely for  
457 its service to you. Again, just as in the God-made heavenly realms  
458 of the Spirit Level, in the man-made heavenly realms you, too, may  
459 also experience a degree of time but you will know that it is an  
460 illusion of time. It will be justly serving you and you not  
461 serving it; so again the illusion of time can be possible for your  
462 service. In the second level you exist in a present condition  
463 which means that since there is a lack of flowing and  
464 correspondence with one another on a regular, shall we say, basis  
465 or a regular experience, you will be more conscious of an element  
466 of what you can only describe as time, yet again it is not time,  
467 but it is your conscious awareness of waiting for an opportunity  
468 that is solely dependent on what is going on at a very base  
469 experience, a very crude experience, and that experience then we  
470 are referring to as the material manifestation; so then you become  
471 subject to the conditions in the material manifestation.

472 Consequently, there is an influence from this second level then to  
473 the material manifestation to either move according to those

474 conditions that would best suit the entities in this second level  
475 than to suit the entities who are experiencing the material  
476 manifestation. In this effect then or in this condition or in this  
477 effort what transpires is almost a self-perpetuating thing or  
478 condition. Unfortunately, because of the material manifestation's  
479 desire to cease life and the desire to increase life in the second  
480 level so that those souls may incarnate, you have, shall we say, a  
481 tug of war. The second level in the man-made heavenly realms  
482 wishes to influence more opportunities for souls' entrances in the  
483 material manifestation while the material manifestation ceases to  
484 desire a greater number of births. Both will in the future apply  
485 greater force to win their choice and exercise their rights.

*Belief system was discussed on 80-08-23, the 81st Trance.*

*The word “belief” was first found on page 1294, line 1118.*

1005 \*\*\*: We cross over with misconceptions because we haven't the  
1006 capacity for complete understanding. Do those with similar beliefs  
1007 band together and, if so, what form of enlightenment is used to  
1008 help the individual learn greater truths?

1009

1010 C: Whatever your concepts are, once you have crossed over you will  
1011 be with like people. What is used to grow in further enlightenment  
1012 is your own review of your concepts and how they have been changed  
1013 from the central theme of the concept, how they have been changed  
1014 by you through your rationalization for whatever purposes. Do you  
1015 understand?

1016

1017 \*\*\*: Yes. This is the stage before you have the guidance  
1018 available?

1019

1020 C: Yes. You go through this review, but once you enter the second  
1021 level where the guidance is you exist with very little  
1022 communication. The growth has already been made in the review  
1023 process in the first level. Do you understand?

1024

1025 \*\*\*: Yes.

1026

1027 C: The development or the growth stages are not like that of the  
1028 God-made heavenly realms. Do you understand? You have three  
1029 growth stages or three evolutionary cycles in the God-made heavenly  
1030 realms but you only have one in the man-made realm. The second  
1031 level, which could possibly be considered a growth step, is in  
1032 reality not really a growth step, since you are given advice, if  
1033 you wish to accept it. The growth step in that level would come

1034 only from your willingness to accept that advice. You do not have  
1035 the exchange or the communication or the correspondence with each  
1036 other in the man-made heavenly realms that you have in the God-made  
1037 heavenly realms. There is no flowing of one another or a sense of  
1038 Divine Source that something would flow from. Do you understand?

1039

1040 \*\*\*: Yes.

1041

1042 C: Does that answer your question sufficiently?

1043

1044 \*\*\*: Yes, and I think it also answers the next question which  
1045 wouldn't really be pertinent.

1046

1047 C: You may ask it if you wish.

1048

1049 \*\*\*: Also, is his departure from that group to those with greater  
1050 understanding automatic?

1051

1052 C: It would be, if you wanted to speak in technical terms,  
1053 automatic, but in reality he has put forth a great deal of effort  
1054 to move from the first level to the second level; and the necessity  
1055 to correspond with one another when it does occur in the second  
1056 level is solely for the purpose of making, shall we say,  
1057 arrangements that would be necessary for the material  
1058 manifestation; but again even the correspondence there is similar  
1059 to the type of correspondence or the description of the  
1060 correspondence in the God-made heavenly realms. It may be  
1061 necessary to go through a formal process of, say, an illusionary  
1062 correspondence in the man-made heavenly realms in the second level;  
1063 it may be necessary to go through an illusion in the second level  
1064 of the man-made heavenly realms in order to make arrangements for a  
1065 manifestation in the material realm or in the material  
1066 manifestation. Do you understand?

1067

1068 \*\*\*: I think so.

1069

1070 C: The man-made heavenly realms are considerably different as  
1071 compared to God-made heavenly realms. In this second level you are  
1072 apt to have those souls acting more according to their concepts  
1073 than in the first level. In fact, we will elaborate a little  
1074 further on the second level at this time. In order to facilitate  
1075 the influencing of the material manifestation, as we said before,  
1076 at times there is the illusion, again, permitted in the second  
1077 level; this is not under the advice of those from the God-made  
1078 heavenly realms who are there for advice or for influencing. Do  
1079 you understand now? This is not through their cooperation or their  
1080 consent, but in the second level there are those who will assume an  
1081 illusion of a physical hierarchy; and this hierarchy then can make  
1082 itself known to the material manifestation; but the illusion of a  
1083 hierarchy is caused by one soul and one soul only for his or her  
1084 express purpose, and this does not mean that there may not be a  
1085 number of souls who have, shall we say, like intentions. One in  
1086 the material manifestation who may become involved with one of  
1087 these influences may be then led to believe that there are levels  
1088 and degrees of development in the man-made heavenly realms that do  
1089 not exist. Again, this is another inconsiderate action by that  
1090 soul or spirit in the man-made heavenly realms to unduly and  
1091 wrongfully influence the material manifestation for his or her  
1092 express purpose; so that if there is the opportunity to  
1093 reincarnate, that soul then may reincarnate in, shall we say, a  
1094 prime condition that would bring possibly more material prestige.  
1095 Do you follow what we are saying?

1096

1097 \*\*\*: Do you mean it is to their advantage to have this illusion?

1098

1099 C: It is to the advantage of the soul that is in the man-made  
1100 heavenly realm that is wrongfully influencing the material  
1101 manifestation. Do you understand?

1102

1103 \*\*\*: Yes.

1104

1105 C: Not as clearly as we would hope.

1106

1107 \*\*\*: It may be to his advantage, but is it as correct or as good

1108 as it should be?

1109

1110 C: No, because what is transpiring is a false hierarchy.

1111

1112 \*\*\*: It is misinformation.

1113

1114 C: Yes, but it is more than just misinformation; it is the act of

1115 perpetuating a condition that does not exist and that cannot exist,

1116 only on one's own personal level; so that those souls who have been

1117 led to believe there is such an "avatar," then when that soul in

1118 the material manifestation has accepted that belief, when that soul

1119 then enters the man-made heavenly realms, they find themselves with

1120 undue confusion.

1121

1122 \*\*\*: Then it is very important for those in the material

1123 manifestation to be very careful of what they receive?

1124

1125 C: True, true. Just as all of you should be extremely careful of

1126 what we tell you. You have no way of knowing what is really

1127 transpiring, nor do you have any way of proving what we say. For

1128 those who are willing to accept the principles spoken of in the

1129 Bible, they can feel secure, but that does not mean that everyone

1130 in this room does, nor hopefully should this experience or these

1131 communications be kept only for a select group. Use good common

1132 sense with everything, including what we say to you, including what

1133 we say to you. Very well.

1134

1135 \*\*\*: I don't quite understand this point. What would be the

1136 advantage to a soul in the man-made realm to confuse somebody while

1137 here on earth so that they would have more problems when they get

1138 into the man-made realms?

1139

1140 C: The soul that does the confusing or influencing of the  
1141 material is not doing it to confuse a specific soul in the material  
1142 manifestation. The soul that is causing the confusion in the  
1143 material manifestation is doing so to maintain a condition wherein  
1144 that soul may choose to enter wherein it would achieve material  
1145 status. Do you understand? The purpose is not to confuse a  
1146 specific soul, but it is to maintain or perpetuate a condition. Do  
1147 you understand now?

1148

1149 \*\*\*: Not quite.

1150

1151 C: Very well. There are a group of souls -- as an example -- there  
1152 is a group of souls who because of their concepts in the material  
1153 manifestation and the influence that it has had on them totally, in  
1154 the second level they influence the material manifestation so that  
1155 it is to expect men, or we will use the term, men of unusual  
1156 ability, shall we say. These souls then align their situation so  
1157 that they may enter in under those conditions or within that group  
1158 of people who have been led to believe that they are waiting for,  
1159 shall we say, an "avatar" for instance. Very well. One of those  
1160 souls then enters into that condition and because of its choice it  
1161 manifests great wisdom in areas that lead to perpetuate such a  
1162 belief system or such an acceptance. Do you understand?

1163

1164 \*\*\*: Yes.

1165

1166 C: Now do you follow what we are saying? Do you see the picture?

1167

1168 \*\*\*: Yes.

1169

1170 C: This has a tendency to be more related to very ancient concepts  
1171 and thoughts. This stems originally from the souls' involvement in  
1172 the material manifestation way back in the very beginning in that  
1173 segment that we have referred to as the Creation Story, where at

1174 that time those souls, before they became truly engrossed or  
1175 entrapped in the material manifestation knew that if they did, knew  
1176 that if they did there would be conditions set up by the Divine  
1177 where they could eventually have the opportunity to release  
1178 themselves from the material manifestation; but then as those souls  
1179 continually re-manifested in the material, they lost this conscious  
1180 awareness, and it became then relegated to a very deep soul level, yet  
1181 there was a group of souls who maintained at a very high level of  
1182 awareness that if the material manifestation were to get to that  
1183 point, such a bridge would be provided so that man could eliminate  
1184 the need for reincarnation. This all ties in then with the  
1185 spiritual evolutionary cycles that are in progress and the eventual  
1186 outcome of the one now coming to its end. Do you understand?  
1187

1188 \*\*\*: Fairly well, yes.

1189

1190 C: So you see it is, again, the prostitution -- again we are using  
1191 this in its dynamic sense -- the prostitution of an inner knowing  
1192 of something to occur or a condition to occur. Very well.

1193

1194 \*\*\*: We have reached our time limit.

1195

1196 C: Let us add one final note to the last statement. It was the  
1197 inner knowing of a condition that would occur; now you must also  
1198 keep in mind that there was only one condition that would occur;  
1199 there would be a number of minor episodes or conditions that would  
1200 occur that would eventually lead to the absolute situation.  
1201 Unfortunately, some, shall we say, entities or souls have taken  
1202 advantage of the chain of events for their own self-serving  
1203 purposes, so that is something you must keep in mind. This is not  
1204 to discredit then all wise men. Very well.

*Belief system was discussed on 80-09-05, the 82nd Trance.  
The word “belief” was first found on page 1311, line 615.*

546 \*\*\*: Just yourself. Okay. In the Guidance Level you referred to  
547 those souls who refused the advice from the advisory board of the  
548 God-made realms, that like souls meet together and develop what is  
549 necessary for their reincarnation. Would this be related to group  
550 karma or what is referred to as group karma?

551

552 C: Yes, it would basically involve a group karma or COULD involve  
553 a group karma, let us put it that way. It could very easily  
554 involve a group karma. For instance, say there were a thousand who  
555 believed in a certain ideology and they were there. Then this  
556 concept or ideology would pull them into a group soul or a group  
557 karma. Do you understand?

558

559 \*\*\*: Yes. In this thousand, or a group of a thousand, how do they  
560 agree on what they are doing or on their developing the situation  
561 for their reincarnation or do they agree?

562

563 C: Your question is not specific, (\*\*\*).

564

565 \*\*\*: You said that they, for example, this thousand would meet and  
566 develop the situation necessary for their reincarnation. How do  
567 they do this? How do they agree on the situations that are  
568 necessary or do they agree on the situations?

569

570 C: There are some souls, for whatever reason, are more influential  
571 than others, and so they, shall we say, take leadership, and it is  
572 a policy of leaders going first or taking those situations that  
573 would best suit them first. Now, that is IF the souls are willing  
574 to go along with that. You see, it is an illusion again. Do you

575 understand?

576

577 \*\*\*: Yes.

578

579 C: If the souls in that group feel as though they must follow that  
580 leader, then they will. They will participate in the game that  
581 they play, so it may be that if a leader emerges then that leader  
582 would control that group and designate who leaves when according to  
583 the opportunities available. Do you understand?

584

585 \*\*\*: Yes.

586

587 C: It is again a game, an illusion, that they may accept in order  
588 to present some order. Do you understand?

589

590 \*\*\*: Yes.

591 C: Any one of them could leave for reincarnation at any time when  
592 they chose providing it was a proper opportunity. Do you  
593 understand?

594

595 \*\*\*: I'm not, exactly, what would you mean by "proper  
596 opportunity"?

597

598 C: Would a soul want to re-enter the material manifestation for no  
599 reason at all?

600

601 \*\*\*: I guess not.

602

603 C: A soul enters the material manifestation to accomplish  
604 something. It is either beneficial or detrimental.

605

606 \*\*\*: All right.

607

608 C: Depending on the individual soul and the situation they are in  
609 will determine whether the eventual opportunity is good or bad.

610

611 \*\*\*: You had said that there may be for whatever reason there may  
612 be a leader that would appear. Why would the souls feel that they  
613 would have to obey a leader? Would it be just for that ...

614

615 C: They must live by the concepts, their belief systems. Do you  
616 remember when we said that the belief system that you presently  
617 have now continues and you must use that belief system then in the  
618 second level to work through into the material manifestation again?

619

620 \*\*\*: Yes. What is the procedure or at what point do you get out  
621 of the Spirit Level into the Guidance Level in the man-made realms?  
622 What point of awareness must you achieve where you go from one  
623 level, from the Spirit Level, to the Guidance Level in the man-made  
624 realms?

625

626 C: When you have realized the full consequences of your actions.  
627 Do you understand?

628

629 \*\*\*: Yes.

630

631 C: When you have reached that point and you are aware that your  
632 concepts are far too rigid and self-serving, then you are eligible  
633 to leave.

*Belief system was discussed on 81-09-26, the 100th Trance.*

*The word “belief” was first found on page 1539, line 527.*

459 \*\*\*: The next question is rather involved. You, the Council, are  
460 saying that because of God there is Christ, and because of Christ  
461 there is the action of Divine Love and from that all other forms of  
462 love. And one of the questions is, How do we get Jesus Christ? Is  
463 it possible that there could have been other ways of making this  
464 bridge from the material manifestation to the spiritual?

465

466 C: First, yes, there could have been other ways, but you as  
467 mankind overall from the very beginning of your involvement in the  
468 material manifestation deemed it necessary for a direct  
469 intervention of the Godhead itself. Do you understand?

470

471 \*\*\*: Yes. Why was it necessary that Christ be the one to do it?  
472 If Christ was the first effect or the first creation of God, and if  
473 Christ was made incarnate because man didn't get it right or  
474 through the millions of years he had not lived a proper life,  
475 therefore, Christ, The Christ, which was there from the beginning  
476 had to come into the material manifestation and that was Jesus  
477 Christ. Why did Christ have to make the material manifestation and  
478 why was it necessary that Christ be the one?

479

480 C: Again, you must understand, you must understand the activity of  
481 God in all that exists, whether it is in the spiritual or whether  
482 it is in the material. This Divine Being that you refer to as God  
483 or God the Father or God the Divine Force or the Godhead, this is  
484 an encompassing spiritual Being with its own precise individual  
485 identity. It is not, shall we say, an unrestricted Force, but it  
486 is a personal identity. The magnitude of this spiritual Being is  
487 far beyond your abilities to conceive and the material

488 manifestation will never conceive the magnitude of this Being.  
489 This Being in its efforts at creating has to it many personalities  
490 or many facets. As we have said before, look at a diamond. A  
491 diamond is not complete if it is not ground with the right number  
492 of facets. It is not a full and whole diamond. Just as a diamond  
493 has many facets, this Supreme Being also has many facets, but these  
494 facets are manifestations of an overall Force in it that you refer  
495 to as love. This overall Force then manifests itself in all that  
496 you will ever know exists, whether it is in the material or whether  
497 it is in the spiritual, and this comes to you then in ways that you  
498 can relate to it and in ways that you deem necessary for your own  
499 return. Do you understand?

500

501 \*\*\*: Yes.

502

503 C: So what has transpired in history has been so because you as a  
504 group of souls that need the material manifestation, that need this  
505 sphere you refer to as Earth, you deemed it necessary from the very  
506 beginning, from the moment of Fall, that such an occurrence would  
507 transpire; but this Divine Source that you call God the Father  
508 would have accommodated your needs in any manner you would have  
509 chosen, for the express purpose of assuring your return to your  
510 proper and rightful place. Do you understand?

511

512 \*\*\*: I believe so. You said that we deemed it necessary that this  
513 occurrence take place. Could you explain in what ways we deemed it  
514 necessary?

515

516 C: If you will recall we made a remark that you all ride the  
517 same ship. Look at it from a broader point of view. Even though  
518 each of you are individuals, have your own personality, you still  
519 are tied with one another, for action, for growth, for interaction.  
520 Do you understand?

521

522 \*\*\*: Yes.

523

524 C: Very well. If you would like a simpler statement, you needed a  
525 bridge out of the material, a common bridge, and that common bridge  
526 then was what you have now. Of course, keep in mind what we have  
527 said about other belief systems, so for those who subscribe to this  
528 belief system or that belief system, you are governed by that which  
529 you have come into; and each belief system will have its own way  
530 out, one not necessarily better than the other, only in  
531 relationship to your own personal needs as a soul. Do you  
532 understand?

533

534 \*\*\*: Yes. I am not exactly sure if you have answered the next  
535 questions about this, but why weren't there other building blocks  
536 to build a bridge with?

537

538 C: Well, we have answered that question we would think. There have  
539 been other building blocks; there have been other bridges.

540

541 \*\*\*: And that would be the other belief systems?

542

543 C: Yes, now we are not saying that there has been another Divine  
544 Manifestation in the material. Keep that in mind. There has not.

545

546

547 \*\*\*: A question that I have then. The entrance of Christ into the  
548 physical in the form of Jesus, would that have an effect on the  
549 other belief systems?

550

551 C: Why should it?

552

553 \*\*\*: You had mentioned that that was the beginning of the Grace  
554 Period.

555

556 C: Yes, but you must remember you are speaking about a specific  
557 belief system, and for that belief system you must follow those

558 things that belong to that belief system. Do you follow?

559

560 \*\*\*: Yes.

561

562 C: Now, when you speak of a Grace Period in the Christian concept,  
563 it is recognized by that name, but since you are talking about an  
564 evolvement of a condition. In other words, each major belief  
565 system in the past from the very beginning is built upon each  
566 other, is a refinement of each other. Now, even though  
567 Christianity has what you refer to as the Grace Period, it is not  
568 limited to Christianity alone, but this Grace Period encompasses  
569 all belief systems in this manner: in that those who comply  
570 completely to their belief system will achieve fulfillment. Comply  
571 completely in this manner or in this respect that they do so from  
572 the heart. Because of the conditions of some souls, the  
573 circumstances they find themselves in, they cannot fulfill all that  
574 is required on a physical level, but they can fulfill all that is  
575 required from the heart or the soul. Do you understand?

576

577 \*\*\*: Yes.

578

579 C: In other words, their desire to complete or fulfill their laws  
580 is what is important during this time referred to as the Grace  
581 Period. There are conditions, circumstances, that may physically  
582 prevent souls from manifesting completely those rules and  
583 regulations; but when you speak of an overpowering or an overall  
584 Love, a complete manifestation of God's Love in the material, then  
585 you must realize that the material is so involved, the material  
586 manifestation is so involved and so complicated that there has to  
587 be some means for those who are entrapped to find a way out. That  
588 means then is what is in the heart. Do you understand?

589

590 \*\*\*: Yes.

591 C: If the heart is godly, then the soul will be godly. If the  
592 heart has love in it, then the soul has love in it. You can only

593 achieve those things that you are equipped to achieve, and  
594 achievement is governed by conditions that one finds themselves in  
595 at the present and by past experiences and abilities.
